Report on celebration of “World Environment Day” (05.06.2024) (Topic: Workshop on Startup Ecosystem for environmental impact)

Introduction

The IIC Cell of Regent Education and Research Foundation Group of Institutions (RERFGI) organized the event “World Environment Day (Workshop on Startup Ecosystem for environmental impact)” on 5th June, 2024, in the RERFGI Campus. World Environment Day is celebrated annually on 5th June to raise global awareness and encourage action for environmental protection. A common way to celebrate is through tree planting and sapling distribution, which directly contributes to environmental conservation efforts.

Date: 5th June, 2024
Time: 11 AM- 4 PM
Venue: RERF Campus

Objectives

The “World Environment Day (Workshop on Startup Ecosystem for environmental impact)” event was organized with the following key objectives:

- Increase Green Cover: Plant trees to enhance local biodiversity and combat climate change.
- Community Engagement: Involve local people in environmental conservation efforts.
- Environmental Education for startups: Raise awareness about the importance of trees and the broader environment.

Organizing Committee

The program was orchestrated under the leadership of the following IIC Cell Members:

- President: Dr. Arindita Saha
- Convener: Dr. Suman Jana

- Ms. Debarati Ghosh
- Mr. Subhadip Mondal
- Mr. Bipul Dhali
- Mr. Sabyasachi Mukherjee
- Ms. Madhabi Ghosh
- Mr. Sreedip Ghosh
- Ms. Shrabasti Roy
- Mr. Sourav Pramanik
- Mr. Suprovat Basu
- Mr. Krishnakanta Maity

Proceedings of the Program:

The Regent Education and Research Foundation Group of Institutions (RERFGI) organized the event “World Environment Day” on 5th June, 2024, in the RERFGI Campus

1. Welcome and Opening Remarks:

The program begins with a welcome speech by the event organizer, highlighting the significance of World Environment Day.

2. Introduction to the Event:

A brief overview of the day's activities, including the importance of tree planting and sapling distribution for environmental conservation.

3. Tree Plantation Ceremony:

Students & volunteers are invited to plant the first trees, symbolizing the start of the initiative. Participants are then guided to designated areas where they plant trees together, fostering a sense of community and shared responsibility.

4. Sapling Distribution:

Following the tree plantation, saplings are distributed to residents. Participants receive instructions on how to care for the saplings, ensuring their growth and survival.

5. Workshop on Startup Ecosystem for environmental impact:

Environmental activists conduct a brief session, educating attendees on the importance of trees, biodiversity, and sustainable practices and also how they can start a startup on environmental problems.

REGENT EDUCATION & RESEARCH FOUNDATION

Group of Institutions

Outcome of the Program:

The “World Environment Day” program successfully concluded with notable optimistic conclusions for all participants. The key outcomes of the program are summarized as follows:

- **Increased Greenery:** More trees in public and private spaces, contributing to cleaner air and cooler temperatures.
 - **Community Involvement:** Stronger community ties and increased environmental stewardship among participants.
 - **Long-Term Benefits:** Saplings distributed will grow into trees, providing long-term ecological benefits such as habitat creation, carbon sequestration, and erosion control.
- Startup Awareness:** Attendees learnt the importance of trees, biodiversity, and sustainable practices and also how they can start a startup on environmental problems.

Budget:

The budget for the “World Environment Day” session was strategically planned to optimize the use of resources, practically with minimal primary investment.

Total Expenses: ₹ 5000

Conclusion:

Celebrating World Environment Day through tree planting and sapling distribution is a meaningful way to engage communities in environmental conservation. This not only contributes to the global fight against climate change but also instills a sense of environmental responsibility and care among local populations. The event attracted 65 participants which comprises of 52 students and 13 faculty members.
