Report on 3-Days Industrial Site Visit Program

Department: Civil Engineering

Institute: RERFGI

Duration: 11th September 2025 to 13th September 2025

Site Location: Building Construction Site, Baro Kathalia, Barrackpore

Convener: Mr. Chinmay Mojumdar, Faculty of Civil Engineering Department

Faculty Members: All Faculties of Civil Engineering Department

Program Timings: 11:00 AM – 1:00 PM and 2:00 PM – 4:00 PM

Introduction:-

The Department of Civil Engineering, RERFGI, organized a three-day Industrial Site Visit Program for all students of the department from 11th September 2025 to 13th September 2025. The main objective of this program was to provide practical exposure and real-time experience of various building construction activities.

Objective of the Visit

The visit aimed to bridge the gap between the theoretical knowledge and practical field experience. Students were able to observe and understand various stages of building construction, materials used, and on-site management practices followed by engineers and contractors.

Details of the Visit

The sites elected for the visit was a Building Construction Project located at Baro Kathalia, Barrackpore. The program was conducted under the guidance and supervision of the Civil Engineering faculties.

The Convener of the program was Mr. Chinmay Mojumdar, Faculty of Civil Engineering Department. Other faculties of the department acted as guides and mentors to the students during the visit.

Each day, the program was conducted in two sessions:

Morning Session: 11:00 AM – 1:00 PM

Afternoon Session: 2:00 PM – 4:00 PM

Day-wise Summary:-

Day 1 (11.09.2025):

Students were introduced to the construction site layout, safety measures, and ongoing foundation works. They observed excavation, footing preparation, and reinforcement placement for foundation.

Day 2 (12.09.2025):

The second day focused on superstructure construction. Students witnessed column casting, beam reinforcement, and formwork arrangement. The importance of curing and quality control measures was discussed in detail by the site engineers.

Day3(13.09.2025):

On the final day, students observed masonry work, plastering, and flooring activities. The site engineers explained material testing procedures, estimation, and project management techniques. The day concluded with an interactive discussion session between students, faculty members, and site engineers.

Conclusion:-

The three-day industrial visit was a great learning experience for all Civil Engineering students. It helped them relate their classroom knowledge with real-life construction practices. The program successfully enhanced students' understanding of field operations, safety protocols, and teamwork in the construction industry.

Acknowledgement:-

We sincerely thank the management of RERFGI, the Department of Civil Engineering, and the site authorities at Baro Kathalia, Barrackpore for their support and cooperation. Special thanks to Mr. Chinmay Mojumdar, Convener of the program, and all the faculty members for their guidance throughout the visit.
